### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

A review of applicants' arguments in amendment filed on April 27, 2004 and a review of the instant amended claims has convinced the examiner that the claims are allowable over the applied prior art of record. The prior art fails to teach or suggest a method for decorating a substrate comprising the steps of providing a kit as claimed in claims 1 and 9, and the kit comprising a laminate of at least translucent cover, a layer of adhesive adhered thereto, the cover includes a template with a predetermined printed design, loose pieces of optical film that have peripheral shapes corresponding to the printed design, each of the optical film pieces has a layer of adhesive on one surface and grooves or other structure on the opposite surface to provide visually simulated decorative structure. Also, no evidentiary support could be provided to support the position that the instant claimed invention would have been obvious to one having ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
